I-474 Shade-Lohmann Bridge Lane Closures and Lane Shifts

PEORIA – The Illinois Department of Transportation announces that I-474 traffic will be shifted at the Shade-Lohmann Bridge over the Illinois River, beginning Monday, April 10.

Both directions of I-474 traffic will use the eastbound span of the bridge - one lane in each direction, separated by barrier wall - until November. At that time, all lanes will reopen for the winter. Beginning Spring 2018, both directions of traffic will use the westbound span of the bridge - one lane in each direction, separated by barrier wall - until November 2018.

The overall project includes steel repair work, bridge painting, electrical work and removal of sediment from bridge piers.

In addition, motorists should be alert for intermittent lane closures in both directions of I-474 at this location the week of April 3, for preliminary work on the project.

Please slow down and use extreme caution while driving through all work zones.
